

# Automatic Pearl Attaching Machine

The pearls are attached automatically through the pattern developed in the software. Apply up to 200 pearls per minute and 5 colors/sizes at the same time!

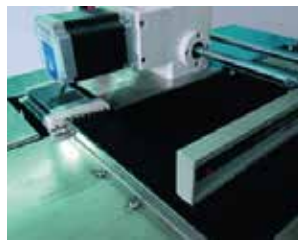

## 5 Feeders

Apply 5 different sizes or colors simultaneously.

## Smart Slider

With the smart slider, the system can position the pattern on the desired place at all pieces.

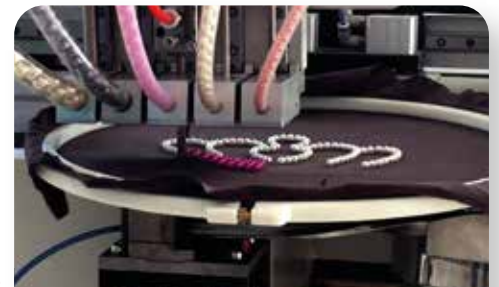

## Fixing Clamp

Adjustable fixing clamp for use with fabrics, leather, jeans and other materials.

## Control Interface

Make any design in "PLT" format, send and control the machine, with the machine software!
