

Automatic Pearl Attaching Machine

The pearls are attached automatically through the pattern developed in the software. Apply up to 160 pearls per minute and 5 colors/sizes at the same time!

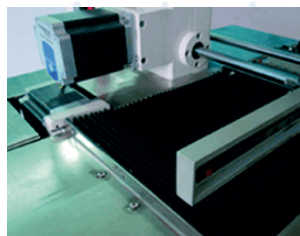

5 Feeders

Apply 5 different sizes or colors simultaneously.

Automatic Movement XY

With the smart slider, the system can position the pattern on the desired place at all pieces.

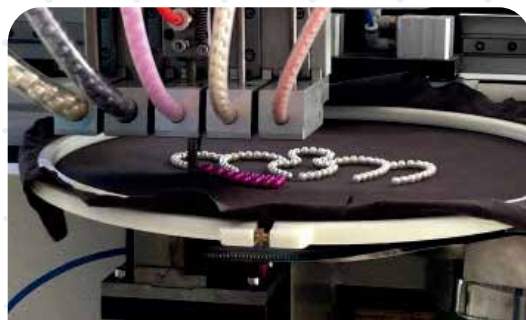

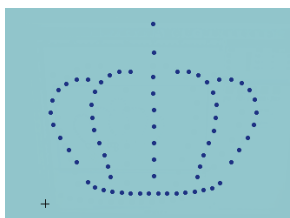

Fixing Clamp

Adjustable fixing clamp for use with fabrics, leather, jeans and other materials.

Included Software

Unleash your imagination. Create the design in the software, and the machine brings it to life with great precision.
